

OU1140

4-Port USB 2.0 Hub

4xUSB 2.0 Type-A, USB Type-C power port (5V DC, 3A)

OU1140 is a portable hub with 4 USB 2.0 ports for PCs and laptops with USB Type-A port.

The ORIGO OU1140 hub allows you to connect up to 4 USB devices to PCs and laptops equipped with standard USB Type-A port. The hub is ideal for connecting external hard drives, flash storages, printer, keyboard, mouse and other peripherals.

The OU1140 hub is designed in compact and light plastic case with built-in 13 cm USB cable. The USB-C port is provided to ensure additional power when connecting external hard drives and other powerful peripherals. This USB-C port is compatible with most modern power adapters (5V DC/3A) used for charging mobile devices.

The OU1140 hub doesn't require driver installation and supports the most demanded operating systems, including Windows, macOS and Linux.

Key Features

- For PCs and laptops with USB Type-A port
- Connect up to 4 USB devices
- Data rate up to 480 Mbps
- External power through USB-C port (5V DC/3A)
- Compact and light
- No driver installation required
- Compatible with Windows, macOS, Linux operating systems
